Mammoth Lakes Search & Rescue Team
Post Office Box 7179
Mammoth Lakes, California 93546

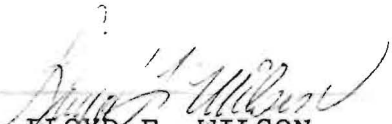

Effective immediately, the June Lake Rescue Team is the only local organization recognized by this Department to conduct SAR operations within Mono County. This action is taken for various reasons:

One team within the County will significantly streamline operations and will also comply with liability and future budget constraints. It will also simplify call-out and coordination procedures.

It is hoped that members of the Mammoth Lakes Search & Rescue Team who wish to remain active in SAR will contact the June Lake Team and offer their time and expertise to that organization.

Thank you for your past good works and cooperation.

Very truly yours,

LLOYD F. WILSON
Sheriff-Coroner
